2. Memo No.AEE2/ V&QC/RWS/526/Corrossion Chemicals/2011, Dt. 24.08.2012
& 29.04.2011 of CE,(V&QC),RWS&S, Hyderabad.
3. Lr. No. Nil, Clean Tech Corrossion Chemicals, Dt:31.05.2016

The immediate attention of all the Superintending Engineers, RWS&S, in the state is invited to the references cited (copies enclosed) wherein certain instructions were issued regarding adoption of product "CONCARE –Anti Corrossion Admixture inhibitor Liquid" in all RCC structures.

In this connection all the Superintending Engineers, RWS&S, in the state are requested to issue necessary instructions to the field staff and ensure that the anti corrossion liquid admixture inhibitor is inevitably used in all RCC structures of the ongoing and new MVS works. A provision for the same may be made in the estimates/ working estimates since it is proven that the usage of Concare prevents corrosion of steel and increases the life and strength of RCC structures.
